states. Your question is answered in the affirmative.

The building of a facility for use as a municipal building is unquestionably a proper function. This particular proposal presents the possibility of some complex problems and, therefore, this office would advise the officials of the Town of Ardmore, Alabama that the Town of Ardmore can expend municipal funds only for that portion of the building and its facilities which are used to further legitimate activities and functions of the Town of Ardmore, Alabama. It is, therefore, the opinion of this office that under the circumstances outlined above, the Town of Ardmore, Alabama may expend municipal funds for the construction of a joint building to be built on the Alabama - Tennessee state line with the City of Ardmore, Tennessee.

Your second question is whether the Town of Ardmore can pay the expense of a dinner for the employees once a year. If this is a social occasion or involves persons other than employees, the answer is no. If, however, this dinner is held in connection with some type of required in-service training for the employees and is limited only to employees, the answer is yes. See enclosed copy of Opinion to Honorable W. R. Payton, Mayor of Sylacauga, under date of September 14, 1977.

Your final question is whether the Town of Ardmore can legally give bonuses to full-time, part-time and volunteer workers. This question is answered in the negative. See enclosed copy of Opinion to Honorable Jane Phillips under date of January 3, 1978. The Town Council could, if it so chooses, provide a lump sum raise to employees to be paid at a certain time each year as a regular part of their compensation, but this must be set in advance and considered to be a portion of the employee's regular compensation. The term volunteer implies that no pay is to be received. Without additional information regarding the terms of service of such volunteers and whether payment to them would be compensation or expense we are unable to specifically answer your question. In no event could volunteers be given bonuses.

I do hope that this response fully answers your questions. If, however, we may be of additional service, please do not
